

COLOCATION : London Docklands

Colocation across multiple sites

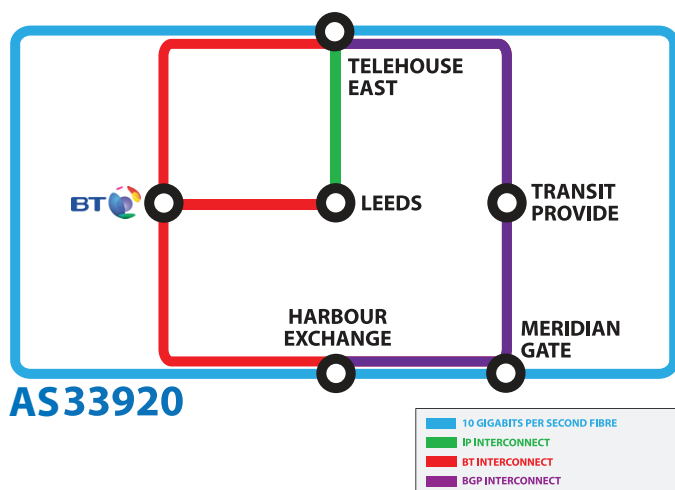

Increase your resilience

Decrease your time to recover from service failures

A business continuity plan and disaster recovery solutions are essential chapters of an information security management system and are required in order to secure ISO 27001 accreditation.

In addition to our Leeds City facility, aql have three points of presence within London Docklands available for colocation.

- ▶ Telehouse East
- ▶ Harbour Exchange (Building Six, 7th floor)
- ▶ Meridian Gate

The aql network spans several points of presence via a redundant fibre link including

TELEHOUSE EUROPE Telehouse North
Telehouse East
Telehouse Metro

interxion Hanbury Street/Brick Lane

TelecityGroup Redbus 6/7 Harbour Exchange
Redbus 8/9 Harbour Exchange
Redbus Meridian Gate
Redbus Sovereign House
Redbus Bonnington House

GLOBAL SWITCH London 1

CITY-lifeline Clifton Street

Level 3 Goswell Road
Braham Street

thus iP House

Backup and failover

Several strategic locations also have further backup/failover capacity, including Harbour Exchange, Meridian Gate and Telehouse East.

Transits and peering

aql can offer colocation and world class IP and VoIP transits at all locations, peering directly with Zen, Enta, Tiscali and others.

Prices

Pricing varies subject to power, space and transit requirements, starting at

	Per month
1U space	£100 + VAT
Quarter rack	£350 + VAT
